George Orwell's celebrated novella, *Animal Farm*, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

This practical book contains over 100 different speaking exercises, including interviews, guessing games, problem solving, role play and story telling with accompanying photocopiable worksheets.

book includes individual chapters on incorporating primary documents, first person accounts, film, literature, art, drama, music, and technology into a study of the Holocaust. It concludes with an extensive and valuable annotated bibliography especially designed for educators. Chapter Ten instructs how to make effective use of technology in teaching and learning about the Holocaust. The final section of the book includes a bibliography especially developed for teachers that lists invaluable resources. From the Back Cover: Holocaust scholars from around the world offer critical acclaim for Totten and Feinberg's *Teaching and Studying the Holocaust*: Michael Berenbaum; Ida E. King Distinguished Visitor Professor of Holocaust Studies, Richard Stockton College and Former Director of Research at the United States Holocaust Memorial Museum: "There are many scholars who are wont to criticize the teaching of the Holocaust. Many journalists critique what they regard as kitsch or trendiness. All critics of contemporary Holocaust education would do well to read this book. One cannot fail to be impressed by the quality of its learning and the seriousness of its purpose. It is a wonderful place for teachers to turn as they contemplate teaching the Holocaust, an open invitation to learn more and teach more effectively." Barry van Driel; Coordinator International Teacher Education, Anne Frank House, Amsterdam: "Teaching and Studying the Holocaust is an invaluable resource for any teacher wanting to address the complex and sometimes overwhelming history of the Holocaust in the classroom. The book offers a multitude of sensitive and responsible ways of dealing with the issue of the Holocaust. It succeeds in showing teachers very clearly how the study of the Holocaust is not just a topic for history teachers, but for teachers across the curriculum." Dr. Nili Keren; Kibbutzim College of Education, Tel Aviv, Israel "Teaching about the Shoah is one of the most complicated tasks for educators. Indeed, teaching and studying this history raises unprecedented questions concerning modern civilization, and presents teachers and students with tremendous challenges. Samuel Totten and Stephen Feinberg have created a volume that provides educators with essential information and new insights regarding the teaching of this history, and, in doing so, they assist educators to face the aforementioned challenges head-on. *Teaching and Studying the Holocaust* does not make the task easier, but it does make it possible." Samuel Totten is currently professor of Curriculum and Instruction at the University of Arkansas, Fayetteville. Prior to entering academia, he was an English and social studies teacher in Australia, Israel, California, and at the U.S. House of Representatives Page School in Washington, D.C. Totten is also editor of *Teaching Holocaust Literature* published by Allyn & Bacon. Stephen Feinberg is currently the Special Assistant for Education Programs in the National Institute for Holocaust Education at the United States Holocaust Memorial Museum. With Samuel Totten, he was co-editor of a special issue (*Teaching the Holocaust*) of *Social Education*, the official journal of the National Council for the Social Studies. For eighteen years, he was a history and social studies teacher in the public schools of Wayland, MA.

One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinkmanship—and transformed his understanding of mercy and justice forever. *Just Mercy* is at once an unforgettable account of an idealistic, gifted

Hailed by Margaret Thatcher as the founder of modern conservatism, Keith Joseph is commonly ranked among the most influential politicians of the late-20th century. A complex and enigmatic figure Joseph was almost unique among Mrs Thatcher's senior ministers in refusing to write his own memoirs. Challenging both the "mad monk" view held by his critics and his status of mythical hero to his admirers, the authors present a picture of Joseph as a thinker and decision-maker. The authors tell of Joseph's formative years before he entered Parliament in 1956: the powerful Jewish dynasty into which Joseph was born; his time at Harrow; at Oxford; his war years in the Royal Artillery; and his Fellowship at All Souls. This volume charts the political career of Keith Joseph. The authors challenge Joseph's self-declared conversion to Conservatism in 1974 and the importance of his "education" of Margaret Thatcher. His own ambition, intellectual integrity and consistency are all examined and a different picture emerges of his role as the intellectual driving force behind Conservative Government policy in the 1980s.
