Compiled from more than four hundred hours of channeling by Barbara Marciniak, Bringers of the Dawn imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

Bob Schultz, a carpenter by trade, has written a timeless book for boys. Wisdom and common sense are gleaned from short chapters covering topics such as authority, inventiveness, and honesty as well as learning to overcome things like fear, laziness, and temptation. Boyhood and Beyond motivates boys to build their lives on a foundation of strong moral principles. Most importantly, these chapters will encourage boys to become the men God wants them to be as they develop a relationship with Him. This is a life book designed to be read and lived out in a boy's life, thus becoming one of his building blocks to godly character and, ultimately, manhood.

Kathryn Joyce's fascinating introduction to the world of the patriarchy movement and Quiverfull families examines the twenty-first-century women and men who proclaim self-sacrifice and submission as model virtues of womanhood--and as modes of warfare on behalf of Christ. Here, women live within stringently enforced doctrines of wifely submission and male headship, and live by the Quiverfull philosophy of letting God give them as many children as possible so as to win the religion and culture wars through demographic means.
