Panasonic Answering Machine for sale | eBay

The Panasonic KX-TG6622EB Cordless Phone with Answering Machine, finished in black, is the ideal phone for both home and office use as it comes with two handsets. Affordable and practical, the handsets are illuminated with Amber LCD backlighting technology and boast an in-built handsfree speakerphone.

Something is terribly wrong with Connor's mom—she keeps slipping into bizarre trances. Connor suspects that the key to his mom's strange behavior is an old art book filled with paintings of a woman who looks exactly like her. But the artist who created those paintings died before his mom was evenborn. Connor gets his chance to break the evil link between the past and the present when he is mysteriously whisked back in time to the 1920s. But can he save his mom—and himself—before it's too late?

Break the webmaster bottleneck by empowering instructors and staff

Muncie is the classic small American city. But for much of the past two centuries, the city fell victim to murder, corruption and the bizarre. Mayor Rollin Bunch went to prison for mail fraud, while his police commissioner faced a murder rap. Viola “Babe” Swartz ran a brothel out of a truck stop that was raided by police at least a dozen times but ran for sheriff in the 1974 primary election. June Holland, of the locally famous Holland triplets, killed her neighbor for refusing to sell her house. Authors Keith Roysdon and Douglas Walker explore the notorious and unusual side of Muncie’s history.

Dreena Burton demonstrates that anyone can prepare an array of delectable vegan dishes without compromising one’s health or sense of taste. The Everyday Vegan includes recipes as well as cooking and shopping tips, meal plan suggestions, and nutritional analyses.

This book provides a unique perspective on the linguistic relationships between the Ancient Egyptian and Bantu languages of East/Central/Southern Africa. It will be of interest to readers of Egyptology, linguists, students, and the wider public who wish to find out more about the structure of the Ancient Egyptian language and how it connects with other languages, particularly with Bantu languages. The subject matter is different from other books as it examines the etymology of words, together with their sound/meaning relationships and shows by using verifiable hieroglyphic forms how Ancient Egyptian words may be pronounced by inserting Bantu vowels which fit the meanings derived from the skeletal templates of consonants in the Ancient Egyptian language.

The Seventh Sacrament is the fifth in the Nic Costa series, David Hewson's detective novels of love and death in Italy. There’s an entire underground city down there . . . houses and temples, entire streets. I talked to a couple of the cavers Leo called in. They hero-worshipped Giorgio. The man had been to

places the rest of them could only dream about. Giorgio Bramante, a Roman archaeology professor, was master of the hidden world beneath the earth – until the day he lost his young son, Alessio, to a group of students intent on re-creating a centuries-old ritual to a long-banished god. His rage knew no bounds and, in a frenzy, he beat one of the students to death. Released from prison fourteen years later, Giorgio is bent upon a terrifying revenge on all those he blames for the loss of his son. Inspector Leo Falcone, a member of the original investigating team, is one of his targets. And Nic Costa, watching Falcone move relentlessly into the man’s merciless grip, realizes the answer must lie in solving a cold case that, like the forgotten Alessio Bramante, has long been regarded as dead and buried for good.

Detective Jake Daggars likes his murder investigations the way he likes his women—straightforward, easy, and with a killer body. So when his older-than-dust partner throws his back out on a goblin raid, his captain assigns him a new running mate—a sexy young half-elf by the name of Shay Steele. It seems like a match made in Daggars’ imagination, but Steele’s no pushover. She’s a powerful forensic psychic, and she’s got sass oozing out of her boots. In a debut case teeming with fire mages, foundries, and a dead guy who’s crispier than bacon, it’s pretty clear Daggars isn’t the only one getting a heaping helping of RED HOT STEELE.

Reprinted from the expanded 1815 edition, this treatise offers more than 100 recipes for shades of reds, blues, yellows, browns, and blacks, divided into dyes for woolens, linens, and cottons.

Helen Gurley Brown adds dazzle to dull office days in her follow-up to the phenomenal bestseller *Sex and the Single Girl* The classic book from 1965 tells what it was really like to be the girl in a *Mad Men*–style workplace. *Sex and the Office* became the definitive, comprehensive guide to working life for an entire generation of women. Alongside advice about how to deal with your boss, manage office politics, and make the most of personal and professional opportunities in the office, Helen Gurley Brown also shares stories from her own office days. A classic of its time, this stands as a frank look at how to get ahead, not just through working hard but through playing hard, too.
