A tongue-in-cheek look at society in the modern South and the regional styles of behavior characteristic of members of the two sexes is updated with a new afterword

Looking for guidance in understanding the ways and means of Southern culture? Look no further. Florence King's celebrated field guide to the land below the Mason-Dixon Line is now blissfully back in print, just in time for the Clinton era. The Failed Souther Lady's classic primer on Dixie manners captures such storied types as the Southern Woman (frigid, passionate, sweet, bitchy, and scatterbrained--all at the same time), the Self-Rejuvenating Virgin, and the Good Ole Boy in all his coats and stripes. (The Clinton questions--is he a G.O.B. or isn't he?--Miss King covers in her hilarious new Afterword.) No one has ever made more sharp, scathing, affectionate, real sense out of the land of the endless Civil War than Florence King in these razor-edged pages.

The author humorously recounts her life growing up in the South, and comments on southern men, women, and traditions

A volume that will stay in bookstores as long as bile still rankles in the human heart: the collected writings of our smartest, sharpest, and most feared writer--"Miss King" to you! "Simply wonderful. . . . Like H.L. Mencken, whom she resembles in independence and vigorous expression of thought, King cannot write a dull paragraph"--Roger Miller, Milwaukee Journal.

Lump It or Leave It, Florence King's latest volume of rapier-edged contemplations on American tomfoolery--er, values--takes on everything from the hazards of fame to the joys of menopause, with all of the bile and brio that has made her the nation's most beloved misanthrope. From college professors ("incapable of earning a living with either their minds or their hands") to the South ("if at first you don't secede, try, try, again") to the U.S. government ("the crude leading the crud"), few fools remain unskewered by the reigning Queen of Spleen.

Lump It or Leave It, Florence King's latest volume of rapier-edged contemplations on American tomfoolery--er, values--takes on everything from the hazards of fame to the joys of menopause, with all of the bile and brio that has made her the nation's most beloved misanthrope. From college professors ("incapable of earning a living with either their minds or their hands") to the South ("if at first you don't secede, try, try, again") to the U.S. government ("the crude leading the crud"), few fools remain unskewered by the reigning Queen of Spleen.

The unreconstructed people-hater offers her piece de resistance: a guided tour of the misanthropic life, and an inspirational handbook for Americans grown tired of "goo-goo humanitarianism and sensitivity that never sleeps". "The only trouble with this book is that its covers are too close together"--The New York Times.

Lump It or Leave It, Florence King's latest volume of rapier-edged contemplations on American tomfoolery--er, values--takes on everything from the hazards of fame to the joys of menopause, with all of the bile and brio that has made her the nation's most beloved misanthrope. From college professors ("incapable of earning a living with either their minds or their hands") to the South ("if at first you don't secede, try, try, again") to the U.S. government ("the crude leading the crud"), few fools remain unskewered by the reigning Queen of Spleen.

Confessions of a Failed Southern Lady is Florence King's classic memoir of her upbringing in an eccentric Southern family, told with all the uproarious wit and gusto that has made her one of the most admired writers in the country. Florence may have been a disappointment to her Granny, whose dream of rearing a Perfect Southern Lady would never be quite fulfilled. But after all, as Florence reminds us, "no matter which sex I went to bed with, I never smoked on the street."

Lump It or Leave It, Florence King's latest volume of rapier-edged contemplations on American tomfoolery--er, values--takes on everything from the hazards of fame to the joys of menopause, with all of the bile and brio that has made her the nation's most beloved misanthrope. From college professors ("incapable of earning a living with either their minds or their hands") to the South ("if at first you don't secede, try, try, again") to the U.S. government ("the crude leading the crud"), few fools remain unskewered by the reigning Queen of Spleen.
