Sovereign is the third book in the Mortals trilogy and it neatly wraps up the series. There is lots of action but the multiple seroconversions, from Corpse to Mortal (especially Rom, Feyn, Roland, and Jordin) then their conversion from Immortal/Dark Blood back to Sovereign, pulled me out of the story and after a while I did not find myself rooting for the characters in the book.

*Sovereign (The Books of Mortals, #3) by Ted Dekker*

The Books of Mortals trilogy was right in line with Ted Dekker's best. It captures your imagination while taking you a ride filled with exhilaration and excitement. You taken on a ride of emotion that breaks your heart and tickles your senses. The highs and lows are dramatic and traumatic. Sovereign is the perfect conclusion to the trilogy.

This third volume in the Books of Mortals series, a collaboration between Christian writer Dekker and his partner, Lee, continues the tale of an alternative universe with an allegorical flavor. This tale began as the world had a brush with extinction that left it populated by nothing but the dead, who were rendered bereft of all qualities that made them human.

Nine years after Rom Sebastian was thrust into the most unlikely of circumstances as hero and bearer of an unimaginable secret, the alliance of his followers is in disarray. An epic battle with The Order has left them scattered and deeply divided both in strategy and resolve in their struggle to become truly alive and free. Only 49 truly alive followers remain loyal to Rom. This meager band must fight for survival as The Order is focused on their total annihilation. Misunderstood and despised, their journey will be one of desperation against a new, more intensely evil Order. As the hand of this evil is raised to strike and destroy them they must rely on their faith in the abiding power of love to overcome all and lead them to sovereignty. SOVEREIGN wonderfully continues the new testament allegory that was introduced in FORBIDDEN and continued in MORTAL.

Some say roll with the punches. Drift with the tide. Nothing can stop the inevitability of change. There was a time when 300 Spartans disagreed with such mindless thinking and stood in the gap. Now it's time for 3,000 to stand in the gap. Sinner is the story of Marsuvees Black, a force of raw evil who speaks with wicked persuasion that is far more destructive than swords or guns. Beware all who stand in his way. It's also the story of Billy Rediger and Darcy Lange, two unsuspecting survivors of a research project gone bad, who discover that they are perhaps the two most powerful souls in the land. Listen to them or pay a terrible price. And it's the story of Johnny Drake, the one who comes out of the desert and leads the 3,000. Follow him and die. Sinner tells the story of a free land where people who worship as they please and say what they believe are suddenly silenced in the name of tolerance. Most will roll with the punches. Most will drift with the tide. But not all. Not the 3,000.

A freak storm has spawned three tornadoes that are bearing down on the town of Summerville. Yet under the cover of the storm looms a much more ominous threat: A vindictive killer known as Red who's left a string of victims in his wake and is now bent on exacting his final revenge on the unsuspecting town. But there is an enigma surrounding Red that the FBI is unwilling to admit—closely guarded secrets of something gone terribly wrong beneath the skin of Summerville. Secrets that will destroy far more than one small town. Wendy Davidson is caught in the middle. She's a recovering cult survivor who takes refuge in Summerville on her way to visit her estranged mother. And with her, four strangers, any of whom could be the next victim . . . or the killer.

Fleeing pursuit, with only moments to live, a young man named Rom stumbles into possession of a vial of blood and a piece of cryptic writing. When consumed, the blood will bring him back to life. When decoded, the message will lead him on a perilous journey that will require him to abandon everything he has ever known and awaken humanity to the transforming power of true life and love. But the blood will also resurrect hatred, ambition, and greed at terrible risk. The first book in a thrilling series set in a desolate future, FORBIDDEN begins a journey that continues with Mortal and will conclude with Sovereign. From the combined pens of master storytellers Ted Dekker and Tosca Lee, this tale of passionate love and dark desires peels back the layers of the heart for all who dare to take the journey.
