The untold story of the three intelligent and glamorous young women who accompanied their famous fathers to the Yalta Conference in February 1945, and of the conference's fateful reverberations in the waning days of World War II. Tensions during the Yalta Conference in February 1945 threatened to tear apart the wartime alliance among Franklin Roosevelt, Winston Churchill, and Joseph Stalin just as victory was close at hand. Catherine Grace Katz uncovers the dramatic story of the three young women who were chosen by their fathers to travel with them to Yalta, each bound by fierce family loyalty, political savvy, and intertwined romances that powerfully colored these crucial days. Kathleen Harriman was a champion skier, war correspondent, and daughter of U.S. Ambassador to the Soviet Union Averell Harriman. Sarah Churchill, an actress-turned-RAF officer, was devoted to her brilliant father, who depended on her astute political mind. Roosevelt's only daughter, Anna, chosen instead of her mother Eleanor to accompany the president to Yalta, arrived there as keeper of her father's most damaging secrets. Situated in the political maelstrom that marked the transition to a post-war world, *The Daughters of Yalta* is a remarkable story of fathers and daughters whose relationships were tested and strengthened by the history they witnessed and the future they crafted together.

This book chronicles the divergent growth trends in car production in Belgium and Spain. It delves into how European integration, high wages, and the demise of GM and Ford led to plant closings in Belgium. Next, it investigates how lower wages and the expansion strategies of Western European automakers stimulated expansion in the Spanish auto industry. Finally, it offers three alternate scenarios regarding how further EU expansion and Brexit may potentially reshape the geographic footprint of European car production over the next ten years. In sum, this book utilizes history to help expand the knowledge of scholars and policymakers regarding how European integration and Brexit may impact future auto industry investment for all EU nations.

For over ten years, Top Gear has been travelling all over Britain in the course of making the world's best programme about cars, driving, and three men in smart-casual clothes shouting at each other. So, who better to assemble a guide to Britain itself with all its glories, quirks and multiple words for bread rolls? This book is not only a guide for outsiders; it is an invaluable reference manual for Britons themselves, like a mirror held up to our very souls.* Join us then, as we travel from A-Z cataloguing and making moderately flippant remarks about every aspect of life and living in the best country in the world after New Zealand, Denmark, probably Canada and some bits of France. *Although in this case, a mirror that has been dropped and then run over by a small lorry but don't worry, some bits of it still just about work.

'Funny, positive and life-affirming, Laura is like a PT for your self-confidence.' SARA PASCOE 'Clear-headed advice and relatable honesty.' MATT HAIG 'My favourite kind of book - like a glass of wine with your smart, funny friend.' KATHERINE RYAN 'When I was a kid the first album I owned was by Wilson Phillips. I remember the lyric from the song Hold On, 'No one can change your life except for you'. It's how I've chosen to live my life. There is a freedom when you take back control. Stop waiting for someone to save you and do it yourself. I recognise everyone has different levels of struggle but no one just hands you a chance. We don't have to wait for Prince Charming to rescue us, or wait for the opportunity to come to us. We can be our own heroes. We can create our own dreams.' Laura Whitmore knows lucky breaks come to those who are ready to step into their own power, even when they're feeling nervous as hell about it. In *No One Can Change Your Life Except For You*, she shares her experiences of overcoming heartbreak, body image worries, self-doubt and insecurity. Laura has learned that optimism, self-belief and learning to accept yourself, will bring you more than anyone else can ever give you. And she shows how her own struggles can help you through yours. Frank, heartfelt, inspirational and funny, this is a book to remind you that the hero you are looking for is YOU.

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level English Language (syllabus 9093 for first examination in 2015). The core aim of this Coursebook is to help students to develop and apply the key skills they need to achieve in AS and A Level English Language. They will build the skills needed for assessment through frequent activities. Divided into two distinct parts for AS and A Level studies, the book covers a wide range of reading skills, such as understanding aspects of style, voice and tone. It also addresses the conventions of key kinds of writing and spoken language, from scripted speeches to travel articles, and looks at how they can capture these conventions in their own work.

“[A] merciless but often humorous look at the shortcomings of American politics” by the #1 New York Times–bestselling author of *Parliament of Whores* (Booklist). *Don't Vote: It Just Encourages the Bastards* is a brilliant, disturbing, hilarious, and sobering look at why politics and politicians are a necessary evil—but only just barely necessary. Read P. J. O'Rourke on the pathetic nature of our attempts to govern ourselves and laugh through your tears or—what the hell—just laugh. “Whether readers agree with O'Rourke's politics or not, his style is funny, cutting, and insightful.” —Booklist “P. J. O'Rourke is like S. J. Perelman on acid.” —Christopher Buckley “The funniest writer in America.” —The Wall Street Journal

For over 35 years Roy Lanchester has been one of Britain's motoring journalists. In that time he has driven, dined, drunk and laughed, all at other people's expense. In this memoir he looks back at his life and career, from his early days as a cub reporter, through his halcyon time as a Fleet Street motoring hack in the 1980s, up to his reign as one of the country's best-known and thirstiest regional journalists. Roy has always been notoriously outspoken and he holds back nothing in this book, which includes tales of his failed marriages, his rows with press officers, and his incident with Nigel Mansell, although the lawyers later asked for this to be removed. If you've ever wondered what it takes to forge a career writing about cars in the face of setbacks, cutbacks and uncooperative barmen, *How To Be A Motoring Journalist* will tell you everything you want to know, and some things you don't.

The celebrated Hollywood icon comes fully to life in this complex portrait by noted film historian and master biographer Scott Eyman. Exploring Wayne's early life with a difficult mother and a feckless father, "Eyman gets at the details that the bean-counters and myth-spinners miss ... Wayne's intimates have told things here that they've never told anyone else" (Los Angeles Times). Eyman makes startling connections to Wayne's later days as an anti-Communist conservative, his stormy marriages to Latina women, and his notorious--and surprisingly long-lived--passionate affair with Marlene Dietrich.
