The Land of Laughs begins with deceptively light prose. It's breezy and witty. As the novel progresses, it is like the gradual end of the day, as darkness sneaks up. Tension ratchets, and by the final chapter The Land of Laughs has morphed from a gentile fantasy to a full-fledged horror novel.

For connoisseurs of imaginative fiction, the novels of Jonathan Carroll are a special treat that occupy a space all their own. His surreal fictions, which deftly mix the everyday with the extraordinary, have won him a devoted following. Now, in *Glass Soup*, Carroll continues to astound The realm of the dead is built from the dreams--and nightmares--of the living. Octopuses drive buses. God is a polar bear. And a crowded highway literally leads to hell. Once before, Vincent Ettrich and his lover, Isabelle Neukor, crossed over from life to death and back again. Now Isabelle bears a very special child, who may someday restore the ever-changing mosaic that is reality. Unless the agents of Chaos can lure her back to the land of the dead--and trap her there forever. *Glass Soup* is another exquisite and singular creation from the author January magazine described as "incapable of writing a bad book much less an uninteresting one." Now he lives in Vienna, enjoying the cozy dullness of empty cafés and old movie theaters, doing his best to forget the day he watched his brother die. But death is not through with Joe Lennox. "I envy anyone who has yet to enjoy the sexy, eerie, and addictive novels of Jonathan Carroll. They are delicious treats—with devilish tricks inside them."—Michael Dirda, *The Washington Post*

Neil Gaiman has written: "Jonathan Carroll has the magic. He'll lend you his eyes, and you'll never see the world in quite the same way ever again."

Welcome to the luminous and marvelously inventive world of *The Ghost in Love*. A man falls in the snow, hits his head on a curb, and dies. But something strange occurs: the man doesn't die, and the ghost that's been sent to take his soul to the afterlife is flabbergasted. Going immediately to its boss, the ghost asks, what should I do now? The boss says, we don't know how this happened but we're working on it. We want you to stay with this man to help us figure out what's going on. The ghost agrees unhappily; it is a ghost, not a nursemaid. But a funny thing happens—the ghost falls madly in love with the man's

girlfriend, and things naturally get complicated. Soon afterward, the man discovers he did not die when he was "supposed" to because for the first time in their history, human beings have decided to take their fates back from the gods. It's a wonderful change, but one that comes at a price. *The Ghost in Love* is about what happens to us when we discover that we have become the masters of our own fate. No excuses, no outside forces or gods to blame—the responsibility is all our own. It's also about love, ghosts that happen to be gourmet cooks, talking dogs, and picnicking in the rain with yourself at twenty different ages. Stephen King has said that "Jonathan Carroll is as scary as Hitchcock, when he isn't being as funny as Jim Carrey." Jonathan Lethem sees Carroll as the "master of sunlit surrealism." However one regards this beguiling original, two facts are indisputable: It's tough being a ghost on an empty stomach. And *The Ghost in Love* is a triumphant return.

Walker Easterling is a retired actor turned successful screenwriter living in the Vienna of strong coffee, fascinating friends, and mysterious cafes. When he falls in love with Maris York, a beautiful artist who creates cities, his life becomes alive in fantastic and unsettling ways. As Walker's love for Maris grows, his life gets more and more bizarre—he discovers he can see things happening just before

they happen, and at the same time feels an incredibly strong tug from his past—so a friend steers him to Venasque, an odd little man reputed to be a powerful shaman. Venasque helps Walker discover and unravel his many interconnected past lives, and it is soon clear that an unresolved conflict from these past lives has resurfaced, and now threatens to undo Walker and Maris's love. At once lyrical, frightening, funny, and sexy, *Sleeping in Flame* is a spellbinding tale where reality and fantasy merge in astonishing convolutions of magic and suspense. It confirms that Jonathan Carroll is one of the very few novelists who—by constantly surprising us—give us an entirely new perspective on our world. It is no wonder that he is generally considered to be the most original and provocative novelist of his generation. An inheritance from a suicidal friend leads a film director into an unimaginable reality in this novel by an author who is "one of the special ones" (Neil Gaiman). Like many young men before them, Weber and Philip went to Hollywood to make their fortune. Weber became one of the most respected directors of his generation, but Philip's talent went unnoticed until he found his calling making horror pictures, a genre in which his gruesome imagination could shine. But everything changes one morning when he calls his old friend Weber to say hello, then kills himself only an hour later. From Philip, Weber inherits a box of three videotapes. The first tape begins with Philip, warning Weber of challenges ahead, mysterious things he couldn't handle but believes that Weber can. Then Weber sees something unbelievable: a first-person view of his mother's last minutes alive before a plane crash took her life in 1960. Weber watches her settle into her airplane seat and read a newspaper, then hears the passengers scream as the jet falls from the sky. Before he died, Philip had unlocked a terrible secret. To understand it, Weber must learn the mysteries of death-no matter the cost. From the author of *Bathing the Lion* and
