<p>Welcome to Pip Street! The very ordinary place where extraordinary things happen. Full of quirky black-and-white illustrations throughout, as well as fun activity sheets at the back. Can crumpets be cool? When Bobby's dad becomes the manager of the local crumpet factory, Bobby thinks his moving worries are at last over. He likes it here on Pip Street, especially now he has found a new best friend in fizzy Imelda from next door. Except crumpets are boring! And no one is buying them. Unless someone (and I bet it'll have to be Bobby) comes up with a fantabulous plan to make crumpets more interesting, Bobby's dad might lose his job and that means ... uh-oh ... moving again. And who's that even newer boy across the street acting like he's better than everyone else, and making eyes at Imelda and trying to be her best friend instead? Looks like there's a crumpety calamity on Pip Street! Keep your eyes peeled for more PIP STREET adventures: A WHISKERY MYSTERY (9781407132815) "Utterly charming and delightful" Mel Giedroyc</p>

<p>After relentlessly studying the teachings of legendary healers, such as Dr Arnold Ehret and Dr Robert Morse, we set out on a journey of healing ourselves and reversing our very own conditions. Within our group, we were suffering from a range of diverse diseases and conditions, including Heart Disease, Kidney Disease, Diabetes, a variety of Autoimmune Diseases and Leaky Gut. During our healing journeys, we formed a journal that we would use on a daily basis, and this helped us to incorporate all of the lessons and tips that we had learnt and refined along the way - in short, it acted as a check list. It was important to us to not miss out on any knowledge and practices that had served us well. This journal is designed to guide and support you through your own journey with the core healing protocols included within its theme. One of the key conclusions that we reached through our individual journeys was that whether you are a sufferer of Hereditary Site-Specific Ovarian Cancer Syndrome, or any other condition, the same protocol that we used applies. However, dependant on the severity of your Hereditary Site-Specific Ovarian Cancer Syndrome, you may need to follow the protocols for longer, using specific herbs in order to achieve positive results, but you can make your own adjustments as you learn more. The great news is that all information and resources are readily available for personal study and application. Dr Arnold Ehret's books can be downloaded freely if you search for "arnold ehret books pdf". Visit rawfigs.com for Dr Robert Morse videos which can be searched through by keywords via the search bar. With this journal and your newly acquired knowledge, we trust that you will also soon start to experience the positive results that we did, along with the many others that send us regular positive feedback. We wish you all the best. The Health Formation Team</p>
